Best  
basics  
ever!

For every bouquet a matching vase. Bold or graceful, grounded or elegant

The perfect end of the day is at a table with my loved ones talking about the day. A good glass of tea or wine (depending on the mood) within reach. Of course in recycled vtwonen glassware.

Finally we have our dark wood frame, because it gives just that little extra to your inlay.

The recipe for a good vibe, multiple candles in different shapes & heights.

# CARE & USE

To fully enjoy your vtwomen products for a long time we recommend the following care and use guidelines.

## BASIC WHITE TABLEWARE

- A-grade porcelain;
- High quality glaze;
- 100% food safe;
- Microwave & dishwasher safe;
- Always wash any new purchases before use;
- Don't use abrasive detergents.

## BASIC MATT BLACK TABLEWARE

- A-grade porcelain;
- High quality matt glaze;
- 100% food safe;
- Microwave & dishwasher safe;
- Always wash any new purchases before use;
- Don't use abrasive detergents;
- Using marks on darker coloured porcelain are more visible than on lighter colours;
- Using marks can appear due to the matt finish, but most of them disappear after cleaning the item by hand or machine washing.

## WHITE-GOLD, GOLD TABLEWARE

- A-grade porcelain;
- High quality glaze;
- 100% food safe;
- Not microwave-, and dishwasher safe due golden colour;
- Always wash any new purchases before use;
- We advise handwash only due to the golden colour;
- Don't use abrasive detergents;
- Using marks can appear due to the gold finish but most of them disappear after cleaning the item by hand or machine washing.

## GLASSWARE

- 100% food safe;
- Dishwasher safe; (recycled glass short cycle only)
- Mouth-blown and handmade;
- All items are hand crafted, variations in size, finish and colour may occur;
- Don't scratch or scrub the glassware with hard surfaces.

## DECORATIVE GLASS

- Crystal quality high transparency used;
- Mouth-blown and handmade;
- All items are hand crafted, variations in size, finish and colour may occur;
- Don't scratch or scrub the glassware with hard surfaces.

## CUTLERY

- The stainless steel part quality is 18/10, meaning it contains 18% chrome for durability and protection against corrosion and 10% nickel for lustre and resistance to high temperatures. The knife blades contain 13% chrome and no nickel, ensuring a longer lasting, sharper edge;
- 100% food safe;
- Before the first use wash in lukewarm soapy water, rinse and dry thoroughly with a soft towel;
- We advise hand wash only, to contain its black colour;
- A higher chromium content gives stainless steel knife blades the necessary sharper edge: however, this also makes them more susceptible to corrosion. Please take extra care with these implements;
- Never leave stainless steel cutlery to soak or in damp conditions as this can cause staining which will require polishing to remove;
- To restore the cutlery's shine and to remove any staining use stainless steel polish and a soft dry cloth; don't use abrasive detergents.

## TABLE & KITCHEN TEXTILES

- Please wash textiles separately the first time;
- Follow the general cleaning and care instructions of the care label on each product.

## WOODEN PRODUCTS

- All items are made of Mango Wood;
- 100% food safe (dry food only);
- Wood has naturally anti bacterial properties;
- Wooden plates need special care to prevent warping and cracking. Wood is porous and it absorbs moisture. When it dries out, the wood may get rough;
- Wipe wood immediately after use with a sponge or paper towel moistened in cold water. Make sure it dries properly and completely before storage. In drying process it is suggested to air dry, not under direct sun;
- If the item is very dirty, wash it with washing detergent and a soft sponge, afterwards clean with moistened towel. Let it dry properly before storage;
- Do not let it soak in water and never put it in the dishwasher;
- Our wooden products are handcrafted. Variations in size, finish and colour may occur;
- Sustainability: First the tree will be used as a fruit tree, once they produce less fruit it will be chopped to wood. This creates a sustainable cycle of plantation and harvest.

## BETTER FUTURE

- Carefully selected partners;
- Manufacturing done in a responsible way;
- Well-thought-out collections with continuity in quality, look and delivery;
- Trustworthy and long-term relationships with our suppliers.

## METAL ITEMS

- Vases, candle holders and photo frames can be cleaned by using a dry or damp cloth;
- Refresh water in metal vases every week;
- Use protection underneath metal vases when using water to protect your furniture against humidity due to temperature difference;
- Our metal products are handcrafted. Variations in size, finish and colour may occur.

Our home accessories are hand crafted so small variations in size, finish and colour may occur. All vtwomen products are produced and tested according to the current EU standards, rules and regulations. Test reports are available on request.
